# Important information

## Safety notices

**WARNING: Product installation**

This equipment must be installed and operated in accordance with the Raymarine instructions provided. Failure to do so could result in personal injury, damage to your boat and/or poor product performance.

**WARNING: Electrical safety**

Make sure you have switched off the power supply before you start installing this product.

**WARNING: Navigation aid**

Although this product is designed to be accurate and reliable, many factors can affect its performance. It should therefore only be used as an aid to navigation and should never replace common sense and navigational judgement. Always maintain a permanent watch so you can respond to situations as they develop.

## EMC conformance

All Raymarine equipment and accessories are designed to the best industry standards for use in the recreational marine environment. The design and manufacture of Raymarine equipment and accessories conform to the appropriate Electromagnetic Compatibility (EMC) standards, but correct installation is required to ensure that performance is not compromised.

## Handbook information

To the best of our knowledge, the information in this handbook was correct when it went to press. However, Raymarine cannot accept liability for any inaccuracies or omissions it may contain.

In addition, our policy of continuous product improvement may change specifications without notice. As a result, Raymarine cannot accept liability for any differences between the product and the handbook.

# Introduction

Thank you for purchasing your new instrument system from Raymarine, the world's leading manufacturer of specialist marine electronic systems. The ST290 instrument system is a comprehensive and versatile instrument system, intended to facilitate the operation of both sail and power vessels. The use of state-of-the-art technology ensures powerful performance and future-proofing.

ST290 products are designed to provide reliable performance, even under the most demanding conditions, and we are sure your ST290 system will give you many years of trouble-free operation.

**Note:** This handbook contains important information about the installation, operation and maintenance of your Raymarine product. To get the best from the product, please read this handbook thoroughly.

## Warranty

To register your new Raymarine product, please take a few minutes to fill out the warranty card. It is important that you complete the owner information and return the card to the factory to receive full warranty benefits and to be kept informed of new features.
